Prescription Drug List

Members with FlexWork Limited Pharmacy Plan

This Prescription Drug List (PDL) applies to the members of the UnitedHealthcare FlexWork limited medical plan who have FlexWork limited pharmacy plan. The PDL is a list of the medications covered by your plan. It includes select brand-name and generic prescription medications approved by the Food and Drug Administration (FDA). Medications are listed by common categories or classes and placed in tiers that represent the cost you pay out-of-pocket. They are then listed in alphabetical order.

Where differences exist between this PDL and your benefit plan documents, the benefit plan documents rule.

Members without FlexWork Limited Pharmacy Plan

For those members of the UnitedHealthcare FlexWork limited medical plan who don't have the FlexWork limited pharmacy plan, the plan still covers certain preventive prescription drugs specified in the health care reform law without cost-sharing.
